

# Grimes Elementary

Volume 1, Issue 4

February 16, 2006

## Student Council Service Project

For two years now the Grimes Elementary Student Council has been selling blow pops and saving their profits for a larger more special project. In the past, benches have been purchased to replace the older wooden benches out on the playground and in front of the building. This year's student council voted to use the funds raised for a new Garden Deva Metal Sculpture that is now greeting our patrons in the front circle drive. Thank you all for supporting our student council fundraisers throughout the school year! Our student body can take pride in the fact that without their support, this project would not have been possible. We are excited to have the new Garden Deva sculpture with two children holding a sign stating "Welcome to Grimes Elementary." This has been a successful fundraiser and we look forward to bringing more special projects to Grimes. Thank you for your continued support!

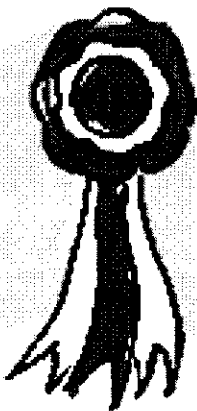

Pictured above, Student Council Officers: Sophie Katz, President; Natalie Mulkey, Vice-President; Shannon Harris, Treasurer, Kat Louderback and Ashton Richins, Spirit & Safe School Officers with the Sculpture.

Our next blow pop sale will be Friday, February 17, 2006. Blow pops are sold for .25.

## Teacher of the Year Finalist

Grimes Elementary School for her dedication and contributions to her students and as a part of the Grimes Elementary School Team. Ms Fisher made it to the final three representing Area II teachers. Congratulations Susie Fisher! We are so proud of you!

Ms. Susie Fisher has been nominated as Teacher of the year at
