

Class project \_\_\_\_ (complete items 1-5)      Research project \_\_\_\_ (complete items 6-7)

(1) Class requiring project \_\_\_\_\_

(2) Class project title \_\_\_\_\_

(3) Other students involved \_\_\_\_\_

(4) Faculty member requiring project \_\_\_\_\_

(5) Faculty member telephone number \_\_\_\_\_

(6) Research project title \_\_\_\_\_

(7) Co-investigators \_\_\_\_\_

Attach a 1-2 page summary of your proposal. Be sure to include the rationale, purpose and expected outcomes of the project. Be specific as to the animal(s) involved and numbers of animals that you plan to use. Projects where the animal will experience pain with or without relief will require justification for consideration.

If applicable, has this proposal been approved by the appropriate external institutional review board or committee? IACUC/Institutional Review Board Determination: (circle one)

Yes    No    Provisional

Date of determination \_\_\_\_\_ Institution \_\_\_\_\_

If approved, submit copy of letter of notification or approval form.

Have all required federal and state permits been obtained? (circle one)

Yes    No

Attach a copy of all permits.

Following NSU IACUC determination, a copy of this form will be returned to the applicant.

NSU IACUC Determination:                      Yes                      No                      Provisional Approval
