Autobiography

Topics to cover:

- Where you were born
- Where you grew up
- Where and when you graduated from high school (give name and location of high school)
- Significant life events (i.e. marriage, divorce, children, special jobs or trips, etc.)
- Current life situation
- Current marital status: include ages of children, if any
- Current employment (may include past employment experiences also)
- Future professional plans or aspirations
- Attitude toward mathematics (and why)
- College math courses completed (with grades if you could)
- Other colleges/universities attended
- Previous majors (if any)

Please use proper sentence structure and grammatically correct English. An appropriate paper should be between 1 ¹/₄ and 2 pages in length.
